

Community Fund Initiative Guidelines

Elliotshill

Elliotshill was established in Pembrokeshire over 30 years ago and is committed to supporting the sustainability of other local businesses within Pembrokeshire.

Through the Community Fund Initiative, Elliotshill is keen to sponsor projects and events which resonate with our own core values: Caring, Happiness, Integrity, Learning, Pride.

Charities, voluntary organisations, community organisations and social enterprises that are working within Pembrokeshire are eligible to apply for support. Applications will also be considered from individuals or groups that can evidence that they are representing or supporting Pembrokeshire at a notable level.

We will consider more than one application from an organisation during each quarter, but applications are limited to one application per group/organisation. The application form must be completed fully with details of costs and quotations to support the application.

Publicity Guidelines

In some cases, we will seek to publicise the support given to an organisation. This may include:

- Use of the Elliotshill logo on any publicity/marketing material/uniform/sports kits etc.
- The opportunity for Elliotshill to contribute a quote/statement for any press material that is circulated.
- The opportunity for Elliotshill to be involved in any pre or post event photography where presentations may be taking place.
- Where possible, we would appreciate seeing any publicity material prior to print.

Evaluation

We regularly measure the impact that the Community Initiative Fund has on local charities and community groups in Pembrokeshire. If you are a successful applicant, we value your feedback which will enable us to gauge the success of the initiative and make any necessary amendments for future benefit. Feedback can be returned to info@Elliotshill.co.uk.
